REMARKS

The present Amendment and Response is intended to be fully responsive to all points of objection and/or rejection raised by the Examiner and is believed to place the application in condition for allowance. Favorable reconsideration and allowance of the application are respectfully requested

Status of Claims

Claims 1-28 and 30 have been allowed. Claim 29 was previously cancelled.

Objections to Drawings

In the Office Action, the Examiner objected to FIG. 9 for including reference characters that are not mentioned in the description. Applicants have amended FIG. 9 to delete characters 124A, 124C, 126A and 126C as specifically requested by the Examiner for not being mentioned in the specification.

In view of the above amendments, Applicants respectfully request that the Examiner's objection to FIG. 9 be withdrawn.

Comments on Statement of Reasons for Allowance

Applicants would like to thank the Examiner for the allowance of the claims of the subject application based on the distinctions enumerated in the Examiner's "Statement of Reasons for Allowance". Applicants agree, without prejudice, that these distinctions provide sufficient basis for allowance of the application. However, Applicants respectfully submit that there may be alternative and/or additional patentable distinctions between the claimed invention and the cited prior art, related or unrelated to those explicitly addressed in the Examiner's "Statement of Reasons for Allowance".
